PROFESSIONAL SUMMARY

Motivated Computer Science student and self-driven Frontend Developer with hands-on experience building responsive, user-friendly web applications using React and Next.js. Passionate about clean UI, component-based architecture, and modern authentication. Actively seeking remote opportunities to contribute and grow within a product-focused team.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frameworks & Libraries: React.js, Next.js 15 (App Router), React Router, Context API

Styling: Tailwind CSS, DaisyUI

Authentication: Better Auth, MongoDB Adapter, Google OAuth

Database: MongoDB

Tools & Libraries: Recharts, React Toastify, Sonner, Lucide React, Git, GitHub

Currently Learning: Next.js App Router, BetterAuth, Full-stack patterns

PROJECTS

KeenKeeper — Friendship Tracker Web App

Tech Stack: Next.js, React.js, Tailwind CSS, DaisyUI, Recharts, Lucide React, Sonner | [GitHub](#)

- Built a responsive friendship tracker app to help users stay connected, log interactions, and visualize communication patterns
- Implemented chronological timeline, interaction filtering by type (call/text/video), and friend profile detail views
- Integrated Recharts-based custom pie chart for communication pattern visualization
- Managed local data persistence with localStorage and delivered real-time feedback using Sonner toast notifications

Book Mood — Book Management Web App

Tech Stack: React.js, React Router, Context API, Tailwind CSS, DaisyUI, Recharts, React Toastify | [GitHub](#)

- Developed a book management app enabling users to explore titles, save to wishlist, and mark books as read
- Built sorting functionality by pages and rating, and a custom Recharts chart for pages-to-read tracking
- Managed global state with Context API and persisted user data using localStorage across sessions
- Delivered a clean, responsive UI with Tailwind CSS and DaisyUI; integrated React Toastify for user feedback

EDUCATION

Bachelor of Computer Science

2024 – Expected 2028

Northeast Petroleum University, Daqing, China

EXPERIENCE

Aspire Leadership Program

2024

- Participated in structured leadership development activities with cross-functional teams
- Strengthened teamwork, communication, and problem-solving skills in collaborative settings
